Empathy Map

Says

Genuine people are not scared to be who they turely are,so they are spontaneous.

If they want to tell a joke to brake the ice during a meeting,they do it.

Does

They don't hide behind a mask and they don't make an effort to be someone who they're not.

If they want to laugh themselves,they do it,without worrying to much about what others may think.

REAL TIME COMMUNICATION USING AI FOR SPECIALLY ABLED

Thinks

They can't understand what normal user say

Normal peoples are not get affort to get this treatment.

It is more expensive

Feels

Feelings like speech and other sounds are quiet and muffled

An android application toAID uneducate deaf and bump people

They feel stress and disappointment
